HOW TO PLAY

1. **Set your bet.** Total bet = bet per line × lines played. All 20 lines at 1¢ is $0.20 a spin.
2. **Open the paytable once.** It lists what every symbol pays and how the features start on that machine.
3. **Press Spin.** Every spin is random and independent of the one before.
4. **Watch for the wild:** Zuma Logo. A wild stands in for other symbols to complete a win.
5. **Watch for the scatter:** Frog. Scatters usually count wherever they land.
6. **Know the bonus.** Bonus Round: Free Spins, Set by Shooting a Tiki Boss.
7. **Set a limit before you start** and stop when you reach it, win or lose.

HOW THE FEATURES WORK

Wild and scatter. The Zuma logo is wild and completes wins with every symbol except the frog. The frog is the scatter, and three or more of them award the free spins.

Free spins. The round has a pick at each end. Before it starts you shoot one of the tiki bosses, and the one you hit reveals how many free spins you get. When the spins are finished you shoot again, and this time the boss reveals a multiplier that is applied to what the round won.

Gamble and return. Any win can be taken to a gamble screen for a chance to increase it. The return to player is listed at about 95.7%.

QUICK ANSWERS

How do the free spins work on Zuma? Three or more frogs trigger them. You shoot a tiki boss for your number of spins, and another afterwards for a multiplier on the round.

How many paylines does Zuma have? 20.

PLAY IT SMART

- No slot is ever due. A long dry spell does not make a win more likely.
- Bigger bets do not change the odds of a win, only its size and the cost of each spin.
- The payout percentage is a long-run average, not a promise for one session.
- Play with money you can afford to lose, and take breaks.
