QUICK ANSWERS

How do evolving symbols work? In the free spins, symbols in a win evolve one step up into the next higher-paying symbol.

How many free spins can you win? 10, 15 or 20, for three, four or five scatters.

PLAY IT SMART

- No slot is ever due. A long dry spell does not make a win more likely.
- Bigger bets do not change the odds of a win, only its size and the cost of each spin.
- The payout percentage is a long-run average, not a promise for one session.
- Play with money you can afford to lose, and take breaks.
