2. **Open the paytable once.** It lists what every symbol pays and how the features start on that machine.
3. **Press Spin.** Every spin is random and independent of the one before.
4. **Watch for the wild:** Walking Wild, Pays 3X. A wild stands in for other symbols to complete a win.

6. **Know the bonus.** Bonus Round: 10 Free Spins.
7. **Set a limit before you start** and stop when you reach it, win or lose.

HOW THE FEATURES WORK

Walking wild. The Jack and the Beanstalk logo is the wild. It replaces all symbols except the scatter and the key. It can land on any reel, and it then walks one reel to the left on each free respin until it steps off reel 1.

Free spins. The scatter is the treasure chest, glowing with 3 purple magic beans. Three or more grow the beanstalk up to the two headed giant's kingdom in the clouds, where you are awarded 10 free spins.

QUICK ANSWERS

How does the walking wild work? It moves one reel to the left with a free respin each time, until it leaves reel 1, and any win it completes pays 3X.

What do the keys do in the free spins? Three, six and nine keys upgrade the next wild to stacked money bags, stacked golden hens and an expanding golden harp.

PLAY IT SMART

- No slot is ever due. A long dry spell does not make a win more likely.
- Bigger bets do not change the odds of a win, only its size and the cost of each spin.
- The payout percentage is a long-run average, not a promise for one session.
- Play with money you can afford to lose, and take breaks.
