2. **Open the paytable once.** It lists what every symbol pays and how the features start on that machine.
3. **Press Spin.** Every spin is random and independent of the one before.
4. **Watch for the scatter:** 3 to 5 Pyramids. Scatters usually count wherever they land.
5. **Know the bonus.** Free Spins: 15 Free Spins.
6. **Set a limit before you start** and stop when you reach it, win or lose.

HOW THE FEATURES WORK

Bonuses and features. Cat Queen tends to pay out more often than other casino games, because it is geared towards regular wins in normal play more than towards a string of bonus games.

Stacked symbols and wilds. The game is filled with stacked symbols on all reels, and that includes the wild Cat Queen herself. The wild substitutes for all symbols except the scatter. Three, four or five Cat Queens pay 200X, 500X and 1,000X your line bet.

QUICK ANSWERS

How many free spins does Cat Queen give? 15, for three or more Pyramid scatters, with stacked symbols and wilds on every reel.

PLAY IT SMART

- No slot is ever due. A long dry spell does not make a win more likely.
- Bigger bets do not change the odds of a win, only its size and the cost of each spin.
- The payout percentage is a long-run average, not a promise for one session.
- Play with money you can afford to lose, and take breaks.
