QUICK ANSWERS

What is Spartacus's RTP? 95.98% over the long run.

What are colossal reels? A second, taller set of five reels beside the main set. A full column of wilds on the main reels is copied onto it.

PLAY IT SMART

- No slot is ever due. A long dry spell does not make a win more likely.
- Bigger bets do not change the odds of a win, only its size and the cost of each spin.
- The payout percentage is a long-run average, not a promise for one session.
- Play with money you can afford to lose, and take breaks.
